Dear Mayor **Leila Linao-Muñoz**,

I hope this letter finds you well. My name is Franz Harvey Bautista, a 20-year-old third-year Bachelor of Science in Information Technology student majoring in Network and Web Development at Bataan Peninsula State University. I am writing to express my sincere intent to apply for the scholarship offered by your esteemed office.

I come from a family with limited financial resources. Although both of my parents are working, their combined income is only enough to cover our basic needs, as my father is a minimum wage earner. Providing for the educational expenses of my siblings and me has been a great challenge for them. Despite these circumstances, my parents have always instilled in me the value of education, which continues to motivate me to strive for academic excellence and personal growth.

Being granted this scholarship would greatly ease the financial burden on my family and allow me to focus on my studies without the constant worry of tuition fees and other school-related expenses. It would serve as both a financial lifeline and an inspiration for me to continue working hard toward my goal of completing my degree. More importantly, this opportunity would empower me to contribute meaningfully to my family and community in the future.

I am committed to making the most of this opportunity by dedicating myself to my studies and proving that I am truly deserving of your support. Thank you very much for considering my application. I remain hopeful for your favorable response and grateful for the chance to pursue my education through your assistance.

Sincerely,
Bautista, Franz Harvey S.
